

ADVANCE FACILITIES GROUP

ABOUT US

DELIVERING AND DEVELOPING WORKABLE SOLUTIONS

Advance Group is a premium facilities solutions provider offering a single point of contact for all reactive, planned and specialist works. Founded in 2012, we have grown significantly and now act as a corporate umbrella to multiple divisions.

With constant compliance demands and changes in legislation, we can ensure that our clients premises are fully compliant and safe at all times. To assist in offering peace of mind, we have obtained and hold a vast array of accreditations and memberships throughout the Advance Group.

We believe in the importance of client flexibility, which is why we operate 7 days a week 365 days a year, with 88% of our reactive callouts being completed within the first 4 hours. Focusing on the levels of customer service we provide, alongside utilising our bespoke complex simPro system we are able to offer services tailored to our clients specific requirements.

Ensuring a personal touch, we proudly cover a vast array of sectors including commercial, retail, healthcare and hospitality to name a few. Our objective is to offer a dependable service that saves our clients both time and money, therefore allowing them to fully focus on their business.

"At Advance Group we pride ourselves on providing our clients with exceptional customer service, effective delivery and complete transparency without compromising quality.

We can tailor any service to our clients requirements whether they are from a small business or are a large multi-national company. "

Glenn Thompson, Group Managing Director

Finding solutions so
you don't have to

MISSION STATEMENT

The Advance Group is an ethical and responsible business. Our approach to all sustainability matters, is very much holistic and we recognise the importance of responsible and sustainable working practices.

We remain committed to our sustainable development goals strategy (SDGS) most material to our business. Each of these goals acts as a blueprint for our sustainability strategy going forward.

We believe success can only be built on responsible business practices, such as integrity, respect, honesty, service and excellence.

CORE VALUES

CLIMATE ACTION

Working continuously to reduce carbon emissions working towards our net zero policy.

RESPONSIBLE CONSUMPTION & PRODUCTION

Reducing our environmental impact through active operational management and responsible working practices.

SUSTAINABILITY

Working to create sustainable places of work for our clients.

AFFORDABLE CLEAN ENERGY

Maximising our clients energy efficiency, whilst minimising our clients carbon emissions and footprint.

HEALTH & WELLBEING

Providing healthy workplaces for our clients and staff, encouraging healthy lifestyles and raising awareness of mental health and wellbeing.

GENDER EQUALITY

Promoting gender equality and aiming to create a diverse and inclusive environment for all.
